HAPPY NEW YEAR TO ALL!

**PA GENERAL MEETING
TUESDAY, JANUARY 16, 2001**

6:30 - 7:00pm Hospitality Time in the main lobby

7:00pm Program: Research Opportunities, Competitions, and Scholarships

Dear Parents,

On Tuesday, January 16, 2001, the Parents' Association will hold its monthly meeting, from 7 - 9pm. After a brief business meeting the program for the evening will highlight the research opportunities, associated competitions, and college scholarships available to Stuyvesant students in various disciplines.

Speakers for the evening will include: Anne Manwell, Research Coordinator; Daniel Jaye, AP of Mathematics, Bruce Winokur, Advanced Math Research (INTEL) Teacher, and Mike Zamansky, Coordinator of Computer Science, who will discuss preparation for theoretical research; Olga Livanis, AP of Chemistry and Physics, and Carol Ann Held, Coordinator of Biology and Geo Science, who will discuss preparation for experimental research; Dr. John Wagner, a School Leadership Team (SLT) parent representative and Director, Department of Neuroscience, Cornell Medical School, who will discuss the role of the mentor and various SLT sponsored initiatives designed to strengthen Stuyvesant's research program; Mr. Norman Ellis, a parent and former Stuyvesant Westinghouse Semi-Finalist who will discuss the impact of independent research on his life; and current students who have been involved in research projects and competitions.

A question and answer session will follow the presentations.

We hope these presentations will raise the level of awareness regarding research opportunities, competitions, and scholarships, and facilitate greater participation by Stuyvesant students.

We look forward to greeting you at this meeting.

**Dr. Sheldon Stachel
PA Chair, INTEL Reception Committee**

**Marilena Christodoulou
PA President**
